

## Join us for the “Transitioning to AS9100 Rev. C” Workshop!

If you're the person responsible for your company's AS9100 quality management system – you don't want to miss this workshop!

**Through a mixture of presentations and discussions, you will:**

- 1) Discover that as of July 1, 2011 ALL AS9100 audits will be to THE NEW STANDARD!
- 2) Learn the differences between AS9100 Rev. B and Rev. C
- 3) Experience what an AS9100 Rev. C audit looks like from a registrar's perspective

---

### Benefits

- Increasing your understanding of the differences between AS9100 Rev. B and Rev. C
- Recognizing what work is necessary to achieve Rev. C status
- Appreciating how your company benefits by being Rev. C certified

### AS Standard Definition

AS9100 is a widely adopted and standardized quality management system for the **aerospace** industry (changing to **aviation, space** and **defense** industries.)

### Who should attend?

- Managers, executives, and quality professionals transitioning to AS9100C
- ISO 9001 and/or TS 16949 managers, executives, and quality professionals interested in learning more about AS9100

---

**To Register:** Workshops are being scheduled in your area. Visit [www.mep.purdue.edu/events](http://www.mep.purdue.edu/events) under Quality & Environmental Improvement

**How We Can Work With You:** In addition to our Quality Management System courses, Purdue University's Manufacturing Extension Partnership provides on-site implementation and consulting services and offers public workshops.

**For More Information:** Contact Dietra Rosenkoetter, Senior Account Manager at 317-275-6812 or [dietra@purdue.edu](mailto:dietra@purdue.edu).
