

## Join us for the “Dumpster Dive” Workshop!

Understand the importance of the entire product lifecycle and its impact on your bottom line.

One-Day Workshop • Appropriate for engineers, green team participants and environmental managers

The Green Specialist: “Dumpster Dive” Workshop was designed by Purdue’s Technical Assistance Program for manufacturers and others interested in learning the fundamentals of solid waste streams and their sources by focusing on the leading methods of waste reduction. Expect a fun, fast-paced workshop with simulations and case studies for in-depth instruction in applying material and solid waste management concepts and techniques.

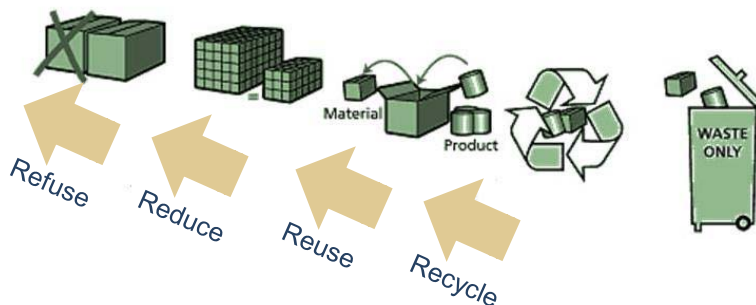

### Participants will learn:

- Fundamentals of solid waste streams
- Methods to evaluate materials used in products and processes
- Concepts relating to life cycle analysis
- How to reduce or eliminate the solid waste stream
- How to apply the 4Rs – Refuse, Reduce, Reuse, Recycle

### Take part in a live “Dumpster Dive” activity:

Sort through a simulated company’s trash, calculate the costs associated with managing this waste, and generate ideas for saving money and improving the environment.

### Green Enterprise Development

GREEN GENERALIST – 8 instructional hours	LEVEL 1
GREEN SPECIALIST – Up to 48 instructional hours 6 modules: Sustainability in Practice, Dumpster Dive, Energy Management, H <sub>2</sub> O Conserve, Pollution Solutions, Green Chemistry	LEVEL 2
SME GREEN SPECIALIST CERTIFICATE – Earned by passing exam	LEVEL 3
